THE UNITED STATES OF AMERICA

TO ALL TO WHOM THESE PRESENTS SHALL COME:

Minnesota Agricultural Experiment Station
University of Minnesota

Whereas, there has been presented to the

Secretary of Agriculture

AN APPLICATION REQUESTING A CERTIFICATE OF PROTECTION FOR AN ALLEGED DISTINCT VARIETY OF SERIALLY REPRODUCED, OR TUBER PROPAGATED PLANT, THE NAME AND DESCRIPTION OF WHICH ARE CONTAINED IN THE APPLICATION AND EXHIBITS, A COPY OF WHICH IS HERETO ANNEXED AND MADE A PART HEREOF, AND THE VARIOUS REQUIREMENTS OF LAW IN SUCH CASES MADE AND PROVIDED HAVE BEEN COMPLIED WITH, AND THE TITLE THEREOF IS FROM THE RECORDS OF THE PLANT VARIETY PROTECTION OFFICE, IN THE ACCOUNTS INDICATED IN THE SAID COPY, AND WHEREAS, UPON DUE EXAMINATION MADE, THE SAID APPLICANT IS (ARE) ADJUDGED TO BE ENTITLED TO A CERTIFICATE OF PLANT VARIETY PROTECTION UNDER THE LAW.

NOW, THEREFORE, THIS CERTIFICATE OF PLANT VARIETY PROTECTION IS TO GRANT UNTO THE SAID APPLICANT, AND THE SUCCESSIONS, HEIRS, OR ASSIGNS OF THE SAID APPLICANT, FOR THE TERM OF TWENTY YEARS FROM THE DATE OF THE GRANT, SUBJECT TO THE PAYMENT OF THE REQUIRED FEES AND PERIODIC REPLENISHMENT OF VIABLE SEED OF THE VARIETY IN A PUBLIC REPOSITORY AS PROVIDED BY LAW, THE RIGHT TO EXCLUDE OTHERS FROM SELLING THE VARIETY, OR OFFERING IT FOR SALE, OR REPRODUCING IT, OR IMPORTING IT, OR EXPORTING IT, OR CONDITIONING IT FOR PROPAGATION, OR STORING IT, FOR ANY OF THE ABOVE PURPOSES, OR USING IT IN MAKING A HYBRID OR DIFFERENT VARIETY THEREFROM, TO THE EXTENT PROVIDED BY THE PLANT VARIETY PROTECTION ACT. IN THE UNITED STATES SEED OF THIS VARIETY (1) SHALL BE SOLD BY VARIETY NAME ONLY AS A CLEAN CERTIFIED SEED AND (2) SHALL CONFORM TO THE NUMBER OF GENERATIONS SPECIFIED BY THE OWNER OF THE FIRM OF CERTIFICATION. (STAT. 1542, AS AMENDED, 7 U.S.C. 3321 ET SEQ.)

SOYBEAN

MN0301

IN TESTIMONY WHEREOF, I have hereunto set my hand and caused the seal of the Plant Variety Protection Office to be affixed at the City of Washington, D.C. this twenty sixth day of November, in the year two thousand two.

[Signature]

Commissioner of Agriculture
APPLICATION FOR PLANT VARIETY PROTECTION CERTIFICATE

1. NAME OF APPLICANT(S) (as it is to appear on the Certificate)
   Minnesota Agricultural Experiment Station
   University of Minnesota

4. ADDRESS (Street and No., or R.F.D. No., City, State, and ZIP Codes, and Country)
   190 Coffey Hall
   1420 Eckles Avenue
   St. Paul, MN 55108

7. GENUS AND SPECIES NAME
   Glycine max

8. FAMILY NAME (Botanical)
   Leguminosae

9. CROP KIND NAME (Common name)
   Soybean

10. IF THE APPLICANT NAMED IS NOT A "PERSON", GIVE FORM OF ORGANIZATION (corporation, partnership, association, etc.) (Common name)
    University

11. IF INCORPORATED, GIVE STATE OF INCORPORATION

13. NAME AND ADDRESS OF APPLICANT REPRESENTATIVE(S), IF ANY, TO SERVE IN THIS APPLICATION AND RECEIVE ALL PAPERS
   J.H. Orf
   Department of Agronomy and Plant Genetics, 411 Borlaug Hall,
   University of Minnesota
   1991 Upper Buford Circle
   St. Paul, MN 55108

16. CHECK APPROPRIATE BOX FOR EACH ATTACHMENT SUBMITTED (Follow instructions on reverse)
   a. X Exhibit A. Origin and Breeding History of the Variety
   b. X Exhibit B. Statement of Distinctness
   c. X Exhibit C. Objective Description of the Variety
   d. No Exhibit D. Additional Description of the Variety (Optional)
   e. X Exhibit E. Statement of the Basis of the Applicant's Ownership
   f. X Voucher Sample (2,600 viable untreated seeds or, for tuber propagated varieties verification that tissue culture will be deposited and maintained in an approved public repository)
   g. X Filing and Examination Fee ($2,460), made payable to "Treasurer of the United States" (Mail to PVPO)

17. DOES THE APPLICANT SPECIFY THAT SEED OF THIS VARIETY BE SOLD BY VARIETY NAME ONLY, AS A CLASS OF CERTIFIED SEED? (See Section 830 of the Plant Variety Protection Act)
   X YES if "yes," answer items 18 and 19 below
   □ NO (if "no," go to item 20)

18. DOES THE APPLICANT SPECIFY THAT SEED OF THIS VARIETY BE LIMITED AS TO NUMBER OF GENERATIONS?
   X YES □ NO

20. HAS THE VARIETY OR A HYBRID PRODUCED FROM THE VARIETY BEEN RELEASED, USED, OFFERED FOR SALE, OR MARKETED IN THE U.S. OR OTHER COUNTRIES?
   X YES if "yes," give names of countries and dates
   □ NO (if "no," go to item 22)

21. The applicant(s) declare that a viable sample of basic seed of the variety will be furnished with application and will be replenished upon request in accordance with such regulations as may be applicable, or for a tuber propagated variety a tissue culture will be deposited in a public repository and maintained for the duration of the certificate.

   The undersigned applicant(s) are the owner(s) of this sexually reproduced or tuber propagated plant variety, and believe that the variety is new, distinct, uniform, and stable as required in Section 42, and is entitled to protection under the provisions of Section 42 of the Plant Variety Protection Act.

   Applicant(s) are informed that false representation herein can jeopardize protection and result in penalties.

SIGNATURE OF APPLICANT (Owner(s))

Marilyn R. DeLong

Exhibit A

Origin and Breeding History of MN0301 Soybean

'MN0301' soybean traces to the F₄ progeny of a F₃ plant harvested from a population that had been advanced by a modified single seed descent procedure from the cross Maple Donovan x M82-303. The pedigree of M82-303 is M70-330 x M68-176. M70-330 is a selection from M62-93 x M64-3. M62-93 has the pedigree Merit x M406. M406 has the pedigree Harosoy x Norchief. M64-3 is a selection from the cross Traverse x PI 196163. PI 196163 is the variety Tokachinagaha introduced from Japan in 1951. M68-176 has the pedigree Merit x Beeson. Bulked seed of the F₄ row was designated M89-111 and was used for yield testing in the F₅ (1990). Subsequent tests of strain M89-111 (SL89-111 or ND(M) 89-111) were conducted in North Dakota in the F₆ (1991) and F₇ (1992) and in Minnesota in the F₇ (1992). In the F₇ generation 50 typical plants were harvested individually to initiate purification for observable traits including reaction to race 1 of phytophthora root rot. In the F₈ (1993) M89-111 (SL89-111) was entered in the maturity group 0 Regional Soybean test. In 1993 forty rows were grown for purification purposes. Twenty-one rows appeared uniform for plant and seed characteristics including reaction to race 1 of phytophthora root rot, therefore seed of these rows were bulked to provide breeder’s seed. In the F₉ (1994), F₁₀ (1995), F₁₁ (1996) M89-111 continued to be tested in the Uniform Regional Soybean Test Maturity Group O. In the F₉ (1994) a small increase of breeders seed was made. In the F₁₀ (1995) Foundation Seed was produced by the Minnesota Foundation Seed Organization. In 1996 Foundation Seed was shared with other states for increase. In the F₁₁ (1996) seed was increased and M89-111 was approved for release as MN0301. On February 15, 1997 seed of MN0301 was released to growers in Minnesota and South Dakota. No off type or variants were noted in the seed multiplication process of MN0301 over three generations. MN0301 has been stable and uniform for the characteristics described in Exhibit C and meets seed certification standards.
Exhibit B

Statement of Distinctiveness

MN0301 soybean is most similar to 'Agassiz' soybean. MN0301 is approximately three days later in maturity than Agassiz. The yield of MN0301 is about 10% greater than Agassiz. MN0301 is about two inches taller than Agassiz. Seed of MN0301 is about 1.2 grams per 100 seed larger than Agassiz. MN0301 has about 1.3 percent lower protein content and similar oil content compared to Agassiz. Seed of MN0301 has yellow hila while seed of Agassiz has buff hila.

Data comparing MN0301 and Agassiz is taken from the Uniform Test 0, Northern States 1993-1996 (a total of 27 tests for most tests).

**EXHIBIT E**

**STATEMENT OF THE BASIS OF OWNERSHIP**

1. **NAME OF APPLICANT(S)**
   - Minnesota Agricultural Experiment Station
   - University of Minnesota

2. **TEMPORARY DESIGNATION OR EXPERIMENTAL NUMBER**
   - MB9-111

3. **VARIETY NAME**
   - 'MNRRS61' (art11/15/02)
   - MN 0301

4. **ADDRESS**
   - 190 Coffey Hall R-5
   - 1420 Eckles Avenue
   - St. Paul, MN 55108

5. **TELEPHONE (include area code)**
   - (612) 625-4211

6. **FAX (include area code)**
   - (612) 625-0286

7. **PVPO NUMBER**
   - 9300093

8. Does the applicant own all rights to the variety? **Mark an "X" in appropriate block.** If no, please explain.  
   - **X** YES  
   - NO

9. Is the applicant (individual or company) a U.S. national or U.S. based company?  
   - **X** YES  
   - NO

10. Is the applicant the original owner? **If no, please answer the following:**  
    - **X** YES  
    - NO

   a. If original rights to variety were owned by individual(s), is (are) the original owner(s) a U.S. national(s)?  
      - **X** YES  
      - NO

   b. If original rights to variety were owned by a company, is the original owner(s) a U.S. based company?  
      - **X** YES  
      - NO

11. Additional explanation on ownership (if needed, use reverse for extra space):  
    - The University of Minnesota is the employer of the breeder who developed MN 0301.

---

**PLEASE NOTE:**

Plant variety protection can be afforded only to owners (not licensees) who meet one of the following criteria:

1. If the rights to the variety are owned by the original breeder, that person must be a U.S. national, national of a UPOV member country, or national of a country which affords similar protection to nationals of the U.S. for the same genus and species.

2. If the rights to the variety are owned by the company which employed the original breeder(s), the company must be U.S. based, owned by nationals of a UPOV member country, or owned by nationals of a country which affords similar protection to nationals of the U.S. for the same genus and species.

3. If the applicant is an owner who is not the original owner, both the original owner and the applicant must meet one of the above criteria.

The original breeder/owner may be the individual or company who directed final breeding. See Section 41(1)(2) of the Plant Variety Protection Act for definition.

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0581-0055. The time required to complete this information collection is estimated to average 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

The U.S. Department of Agriculture (USDA) prohibits discrimination in its programs on the basis of race, color, national origin, age, disability, political beliefs, and marital or familial status. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact the USDA Office of Civil Rights, (202) 720-2600 (voice) or (202) 720-8361 (TDD). To file a complaint, write to USDA, Director, OPR, Washington, D.C. 20250. (Not all complaints can be investigated by USDA.) USDA is an equal employment opportunity employer.
